#### Consignment Terms & Information

Please allow sufficient time for us to inspect your items for acceptance. Please make every effort to have your items clean and in good repair before bringing in. Regarding vintage clothing; please have items cleaned, pressed and on hangers as appropriate. We only accept items that are 'vintage', best described as being at least twenty or more years old. The later an item is, the better the condition should be. If you are unsure as to the age of an item, we will be glad to help determine its approximate age. We will accept clothing items based on the season, such as Fall/Winter items in August and September, Spring/Summer items in March and April. Our selection process is not meant to offend you, we are committed to presenting a consistent quality of affordable collectibles and vintage clothing for our customers, it benefits us all to have a standard of quality maintained.

\*\*\*We require a list of your items on a lined sheet to leave with us\*\*\*

There is a minimum amount of 10 pieces to open an account. We do request that you limit items brought in to twenty-five (25). No more than 100 items on the floor at any time for any consignor will be accepted. Upon sale of an item a 60% consignment fee is due the shop, plus an additional 3.5% if it is a credit or debit card sale. Sometimes a customer requests a discount on an item and we oblige by offering a 10% discount on items priced over \$20. We do not automatically offer any discount. We reserve the right to drop the price more than 10% if not sold in 3 months.

**Pricing:** Usually we set the prices of items based on current market values for our region, and based on our knowledge and/or research, which we will do if necessary. We try to get the best price, but will not over-price an item above the market. If you have a price in mind for something you consign, please note that on your sheet left with us, if we feel can get more - we will price it accordingly and put the item out on the floor. If we feel we cannot get the price you wanted, we will let you know and you can decide then if you want to sell it at that price. We will not put your item out on the floor until we resolve the pricing issue.

After the initial consignment meeting, you do not need to make an appointment to leave additional items for consignment. We do ask, however, that you limit delivery of items to once a month during the intake days:

**Intake Days:** 6th through the 20th of each month

If items on consignment are picked up by the consignor within 3 months of being on the floor, we charge a 10% fee, based on the selling price of the item(s) picked up. This is to cover the expense and labor of tagging and entering them into inventory.

Occasionally, after 8-10 months on the sales floor, we may decide to take your items off the market. It is up to you to check with us for your returned items. After we have held your returns for 3 months and the items have not been picked up by you, we reserve the right to dispose of them at our discretion. Again, it is up to you to check in and pick up returns, we do not call you.

Payment checks to consignors are prepared by the 5th day of each month for items sold in the preceding month. You may pick up your check starting on the 6th day of the month here at the shop. We do not call to let you know you have a check, it is your responsibility to get your money and returns.

Your check can be mailed only if you supply us with a stamped self-addressed envelope.

\*Checks not picked up within 3 months will be voided and will not be re-written.\*

We provide security in the shop for the merchandise, but ultimately the consignor must accept liability for damage to or theft of items left in the shop.

The consignor warrants that items brought to Sherry's YesterDaze are not stolen, that they are owned by the consignor, or if belonging to someone else, that he/she is legally empowered to dispose of said items.

Always, if you have any questions regarding consignments, please call 231-2020 during business hours. Please do not ask us to print out a report anytime during the month, you will get your report of sales with your checks. It's your responsibility to keep your own list of what you have left with us.

As a consignor, I understand and agree to the foregoing information and terms:
